Asbestos: Annual Letter of Notification

Gabriel Richard Catholic High School has a State approved asbestos management plan prepared for each Asbestos Containing Materials (ACM) located within our school building. This plan is available in the Facilities and Transportation Office for your review, Monday through Friday during normal school hours.

Every year, periodic surveillance inspections are conducted at the school to inspect and ensure that asbestos containing materials within the school are in good condition. Accredited inspectors not only check the condition of the ACM, but reassess operations and maintenance procedures to keep those materials in good condition.

If you have any questions, you may contact:
Mr. Leonard St. Pierre
Director of Facilities and Transportation
(734) 284-1875, ext. 124
